*Our Photography services are provided for the Southern California area focusing on the areas of Helendale, Barstow, Apple Valley, Oak Hills, Victorville, San Bernardino, San Bernardino Mountains, Riverside & Norco.*

**Weddings: - Collections Starting at \$650.00 - Contact Us**

*As a wedding photographer, I focus on listening to your vision for your wedding day. I work to captivate the special moments throughout your day so you can focus on the emotions of your wedding and not just the scenes. I'll arrive at least 1 hour before the ceremony to capture the scenes of preparation to your special day. I also take professional photos of the family and bridal party during and after the ceremony.*

**Graduations, Parties & Events: - Coverage Starts at \$125.00 Per Hour - Contact Us**

*Whether a special birthday party, an honorary meeting, a child's sporting event or the big play-off game, or simply enjoying a night on the town, whatever your occasion, when you want the freedom to enjoy every single moment, you can relax and be assured that I can be there to capture your wonderful memories of the day. (Homecomings, Picnics, Birthday parties, Baby Showers, Church functions, Company events, Christmas parties, and Military events.)*

**Couples & Family: - Collections Starting at \$150.00 - Contact Us**

*Most of the photo sessions are on location, available at the location of your choice or reasonable location. The time of day will be equally important based on weather for outside locations. If you do not have a location in mind, I have several places that I can recommend that will bring a perfected background to a new level. My sessions are casual and relaxed, so you don't have to feel rushed. Each session is customized for your needs and I consult with you and discuss any concerns you may have and prepare you for your upcoming session.*

***Glamour Portrait - Collections Start at \$150.00 - Contact Us***

*A Fashion Inspired Portraiture. It's all about you! A journey in self-discovery. A personal, customized and an absolutely beautiful experience.*

**Newborn & Maternity Portrait - Collections Start at \$200.00 - Contact Us**

*Babies are one of the most photographed subjects in the world. They are cute and cuddly. Infants are a wonderful subject to photograph; however they require skill and patience in order to capture a precious image that you will cherish for many years. Sessions can be scheduled at a set outdoor location or in the comfort of your own home. For the best results, newborn sessions are typically done within the first few weeks of the baby's birth.*

**Toddlers & Children Portraits: - Collections Start at \$150.00 - Contact Us**

*Children are curious, spontaneous, energetic, silly and above all, completely unpredictable. So how do you plan formal family portraits with a rambunctious four-year-old? Let go of any expectations of cooperation and think more along the lines of (loosely) controlled chaos. But don't worry – I've got it all under control! Above all, I expect your photo session to be very comfortable and fun. Don't think of it as "picture day" as this will only result in unnecessary stress (for both you and your children). Children are encouraged to run around and play, get a little muddy outside, and jump on the bed to say the least.*

*If parents are not participating in the photos, they are encouraged to relax, lay back with a magazine or enjoy the weather. My goal is to capture connections, spontaneous expressions, and natural smiles, not the Candid Photo forced smiles of yesterday! The results are the most genuine when the children are able to forget that the camera is even there.*

*There will be a small mileage fee for any on site location photography event that exceeds 50 miles from Helendale, California 92342*
